Cultivating Generous Congregations Seminar

faithful, practical, and tested ways to promote generosity

Invitation to Explore Generosity:

We invite you and your ministry team to participate in a seminar experience that could change the way you and your congregation approach giving and generosity. Cultivating Generous Congregations (CGC) is an interactive seminar demonstrating how pastors and leaders can unearth and energize congregational generosity by exploring the significant and necessary steps to creating lasting cultural change within a congregation.

Interactive segments of CGC explore theology, the role of adaptive leadership, fiscal transparency and the importance of donor care, with action steps to impact the generosity exploration and experience for both laity and clergy.
